

Attention Parents!

EducationCity.com Homework Module

Wolf's Crossing School is a current subscriber to EducationCity.com. Your child(ren) will be able to access EducationCity.com from home for only \$10 per student, if purchased through the school.

EducationCity.com's Homework Module allows students to have access to EducationCity.com at home! The GREAT thing about the homework module is that it gets parents involved, it makes homework fun, it's graded for the teachers, AND ALSO makes for a lighter backpack!

Please see your school administration to allow your student(s) to have access to EducationCity.com from home.

Make Learning Fun!!
